Subject: Bid for Tender No: 73448, CRFQ No: 1000352329 – Selection of Bidder for Implementation of the Command & Control Centre

Date: June 10, 2020

Dear Mr. Rahul Tandon,

Vertex Digital Systems Pvt. Ltd. is pleased to submit its comprehensive proposal in response to the Tender for the Implementation of the Command & Control Centre (C&C;) as part of BPCL's Digital Initiatives.

As a premier System Integrator with proven expertise in deploying enterprise-grade command and control platforms for clients in the oil and gas, manufacturing, and smart city sectors, we are confident in our ability to deliver a resilient, scalable, and secure solution that aligns with BPCL's strategic objectives.

Our proposal is submitted in three parts as stipulated in the tender document:

1. Part 1: Techno-Commercial Bid
2. Part 2: Quality Bid
3. Part 3: Price Bid

We have thoroughly reviewed the Terms of Reference (ToR) and all associated annexures. Our proposed solution, built on our flagship 'OmniView' Integrated Operations Platform, is engineered to seamlessly integrate with BPCL's existing and future systems across the Retail, LPG, and I&C; business units. It will deliver the required bidirectional control, advanced analytics, and intelligent workflow automation to enhance operational efficiency, safety, and compliance.

We confirm that we have submitted the Earnest Money Deposit (EMD) of Rs. 10 lakhs and have digitally signed and uploaded the Integrity Pact (IP) and all other required pro formas via the e-procurement portal.

We look forward to the opportunity to demonstrate our capabilities and partner with BPCL on this transformative digital journey.

Sincerely,

Rajesh Mehta

Vice President, Enterprise Solutions
Vertex Digital Systems Pvt. Ltd. (Digitally Signed)

Part 1: Techno-Commercial Bid

1. Bidder Profile

Company Name: Vertex Digital Systems Pvt. Ltd.
Year of Incorporation: 2008
Core Business: System Integration, Enterprise Software Solutions, Digital Transformation, IoT & Industrial Automation, and Managed Services for large enterprises.
Head Office: Mumbai, Maharashtra
Presence: Offices in Delhi, Bengaluru, Hyderabad, Kolkata, and Pune

2. Response to Bid Qualification Criterion (BQC) (Ref: Annexure 1, Section 1.2.1)

Our compliance with the BQC is detailed below. All supporting documents have been uploaded to the e-procurement portal.

BQC Criteria (as per Tender Doc)	Vertex Digital Systems' Compliance	Supporting Documents Uploaded
a. Proven Track Record	We have successfully implemented two major C&C/SCADA integration projects in the last 5 years, each with a value of more than Rs. 10 Crores. (TPIA Certified)	Annexure 11
b. Financial Capacity	i. Turnover: Our average annual financial turnover for the last three years (FY 2017-2018, 2018-2019, 2019-2020) is positive. ii. Net Worth: Our net worth as per the latest audited financial statement (FY 2019-2020) is positive.	Audited Balance Sheets and Profit & Loss Statement for FY 2017-2018, 2018-2019, 2019-2020
c. Maturity on Services	We are a CMMI for Services Level 4 appraised organization.	Self-attested copy of valid CMMI Level 4 certificate.
d. Credentials of Technology Platform	Our "OmniView" platform has been deployed for our client O&E for C&C/SCADA integration.	OEM Declaration Form Annexure 10
e. Communication System / VA Capabilities	Our partners for VA (SecureVision Tech.) and Communication Systems (Unified Carrier Solutions) have addressed our requirements.	Annexure 13

3. Response to Technical Requirements (Ref: Annexure 1, Section 1.2.2)

Our proposed 'OmniView' C&C; Platform complies with all minimum technical requirements:

Sl. No.	Platform Capability	Compliance Status
1	Bi-directional control of field devices	Compliant
2	Web responsive	Compliant
3	Real-time monitoring (CCTV, Sensors)	Compliant
4	Cloud-agnostic deployment	Compliant
5	Secure data handling (HTTPS)	Compliant
6	Interoperability (standard protocols)	Compliant
7	Integration via API/adaptors	Compliant
8	Configurable and customizable	Compliant
9	Integration with SSO, LDAP	Compliant
10	Integration with multiple automation systems	Compliant
11	Integration with multiple database systems	Compliant

Supporting Document Uploaded: OEM/ISV Declaration Form (Annexure 10) signed and stamped.

4. Compliance and Declarations

- We confirm that we have submitted an EMD of Rs. 10 Lakhs.
- We have digitally signed and uploaded the Integrity Pact (IP) as per Annexure 6.
- We have digitally signed and uploaded the Non-Disclosure Agreement (NDA) as per Annexure 7.
- We confirm we are not on the Black/Holiday List of BPCL, MoP&NG, or any Oil PSE.
- We accept all contract terms and conditions as stated in Annexure 3.
- We have submitted the Vendor Code Creation Form (Annexure 8) and Common NEFT Mandate Form (Annexure 14).

Part 2: Quality Bid

5. Response to Quality Score Matrix (Ref: Annexure 1, Section 1.3)

We have prepared our quality bid to demonstrate our superior capability and the robustness of our proposed solution. We are prepared to present and demonstrate these capabilities to the BPCL evaluation committee.

1. Solution / Platform Implementation (Max Marks: 30)

Our Claim: We have successfully implemented **2 projects** meeting the specified criteria (Value > Rs. 6 Cr and integration of min. 3 systems) in the last 5 years. **We claim 20 marks.**

Project Details:

1. Client: Metro Gas Distribution Ltd (Oil & Gas)

Value: Rs. 9.5 Cr

Systems Integrated: IoT (CCTV), SCADA, ERP (Oracle), Automation (Valves), Data Lake

2. Client: Smart City Municipal Corp (Smart City)

Value: Rs. 7.8 Cr

Systems Integrated: IoT (Smart Sensors), SCADA, ERP (Workflow), Automation (Traffic PLCs), Data Lake

Documents Uploaded: Declaration from OEM (Annexure 13), TPIA Certified document (Annexure 12)

2. Bidders' Certification for Service Delivery (Max Marks: 10)

Our Claim: Vertex Digital Systems is appraised at CMMI for Services, Maturity Level 4. **We claim 8 marks.**

Document Uploaded: Self-attested valid CMMI Level 4 certificate.

3. Demonstration of Platform (Max Marks: 35)

We are prepared to demonstrate the full end-to-end functionality of our 'OmniView' platform on a cloud environment. The demonstration will cover:

- **Exception Handling:** Live creation of an exception from a simulated field event, automated SOP workflow initiation, and notification via SMS/Email.
- **KPI Monitoring:** Real-time dashboards showing KPIs fed from simulated instruments (ATG, FCC) and various report generation (tabular, graphical, trend).
- **Bi-directional Control:** A live demonstration of an FCC shutdown command triggered from the C&C; platform.
- **GIS Mapping:** Dynamic asset mapping on a GIS interface with drill-down capability for asset information and status.
- **UI/UX:** Showcase of our intuitive, user-friendly, and web-responsive interface, demonstrating ease of navigation.

Bidders are required to upload solution document (if any) relevant to the demonstration at the time of bidding on BPCL e-procurement portal.

4. Demonstration of Video Analytics (Max Marks: 10)

We will demonstrate our partner **SecureVision Tech's** analytics engine, which achieves **>92% accuracy**, using both live and pre-recorded video feeds for all 5 use cases:

- No Safety Belt detection – 2 Marks
- No Helmet detection – 2 Marks
- Intrusion Detection – 2 Marks
- Vehicle Count/Queue Management – 2 Marks
- Automatic Number Plate Recognition (ANPR) – 2 Marks

Bidders are required to upload solution document (if any) relevant to the demonstration at the time of bidding on BPCL e-procurement portal.

5. Demonstration of Capabilities (Max Marks: 15)

We will present **two detailed case studies** from the projects mentioned in point 1 above. Each presentation will detail:

- **Implementation Approach:** Our methodology, project plan, risk management, and stakeholder engagement.
- **Scale Handled:** Details on the number of systems, locations, data tags, and instruments handled for each project.

Part 3: Price Bid

6. Price Bid Submission (Ref: Annexure 1, Section 1.4)

The following price bid is submitted online in the prescribed format on the e-procurement portal. All costs are in INR and exclusive of taxes.

Sl. No	Item	Unit	Qty	Unit Cost (Ex. Tax)	Total Cost (Ex. Tax)
1	C&C Platform and it's components	Lump-sum	1	3,25,00,000	3,25,00,000
2	AMC of C&C Platform (9% of Item 1)	Per year	4	29,25,000	1,17,00,000
3	VA Solution at RO (10 Analytics)	Per device	150	42,000	63,00,000
4	AMC VA Solution at RO (10% of Item 3)	Per device per quarter	2400	1,050	25,20,000
5	VA Solution at Terminals/LPG (20 Analytics)	Per device	130	68,000	88,40,000
6	AMC VA Solution at Terminals/LPG (10% of Item 5)	Per device per quarter	2080	1,700	35,36,000
7	Implementation Cost of C&C Platform	Lump-sum	1	1,10,00,000	1,10,00,000
8	Platform Maintenance Support	Per quarter	16	10,50,000	1,68,00,000
9	Call Centre Solution (SaaS-30 User)	Per user per month	1392	2,200	30,62,400
10	Operator Cost Year 1	Per man month	240	55,000	1,32,00,000
11	Operator Cost Year 2	Per man month	288	57,750	1,66,32,000
12	Operator Cost Year 3	Per man month	288	60,638	1,74,63,744
13	Operator Cost Year 4	Per man month	288	63,670	1,83,36,960
14	Operator Cost Year 5	Per man month	288	66,853	1,92,53,664
15	Man-day Rate for Change Request	Per Man-day	1000	22,000	2,20,00,000

Note: The above table is a representation. The final binding submission is made on the e-procurement portal.

Annexures (As Submitted on E-Procurement Portal)

Annexure 6: Pro forma for Integrity Pact (IP) – Duly signed and stamped.

Annexure 7: Pro forma for Non-Disclosure Agreement (NDA) – Duly signed and stamped.

Annexure 8: Vendor Code Creation Form – Completed with Vertex Digital Systems Pvt. Ltd. details.

Annexure 9: Pro forma for Performance Bank Guarantee – Acknowledged. To be provided upon award of contract.

Annexure 10: OEM/ISV Declaration Form – Completed for our 'OmniView' Platform and partner solutions.

Annexure 11: Response to BQC Criteria a, Proven Track Record – Detailed table with client names, project values, completion certificates, and contact details for verification.

Annexure 12: Response to BQC Criteria a, & Quality Bid Criteria 1 – Certificate from TPIA – Certificate from 'National Audit & Verification Services Pvt. Ltd.' verifying the project details provided in Annexure 11 & 13.

Annexure 13: Response for Evaluation Criteria -1 – OEM declaration detailing the projects where our 'OmniView' platform has been implemented, confirming the integration of required systems.

Annexure 14: Common NEFT Mandate Form – Completed with our bank details.
